

## BOARD OF HEALTH.

## Dr. Goto Doesn't Want to Disclose His Secrets.

The regular meeting of the Board of Health was held yesterday afternoon at 3 o'clock. Present besides the President of the Board, Messrs. Lansing, Waterhouse, Ena, Dr. Meyers, Dr. Miner, Dr. Cooper, Mr. Reynolds and the Secretary. Dr. Weddick, of Kauai, was also present.

Several matters of business were despatched. The President stated that the Board had been in correspondence with Dr. Goto, requesting him to give specifications of his method of treatment, and requesting him to remain at present. Dr. Goto had been down here and the President had had a full conversation with him. He was unwilling to remain unless he could have a regular engagement for a year at any rate. He was also unwilling to give specifications of his treatment, as this he thought would be giving away his father's secrets. He seemed to fear that his practice would be stolen. Later, however, a letter was received from him accepting the conditions, but asking for a permanent agreement.

The question of the course to be taken was discussed.

Dr. Miner did not see any reason why a permanent engagement should be entered into. It would be different if he were being sent for for the first time.

It appears that Dr. Goto's secret is in the composition of his medicines.

As a compromise it was voted to give Dr. Goto the assurance that he would be retained at least six months.

A letter from Mr. Meyers was then read dealing with a variety of matters of routine.

The two girls who had returned from the settlement have been pronounced by the examining board to be suspects. They will probably be declared free of the disease on a re-examination, but it was not deemed wise to let them go after having lived among the lepers so long, without a re-examination.

The President read a letter from Mr. Meyers regarding the facts in the case of the two girls. This letter and the records of the original examination show that the two girls, who were supposed to have been cured by Dr. Goto had never been pronounced lepers.

The new heating apparatus for the Bishop's Home is about ready, and it will be taken up by Mr. Reynolds—the first week in June. A petition was presented with a variety of prayers from the lepers. Those matters not already decided were referred to Mr. Meyers.

The applications for the appointment of Government physician at Ewa were referred to a committee of the Board.

The Executive Officer was instructed to send to Molokai the persons at the Receiving Station who have been declared lepers by the examining board.

At 4:30 the Board adjourned.

## A GREAT FIND.

## Washington Correspondence of the Royalists Unearthed.

The office cat searches the royalists' headquarters and brings in the following correspondence, a telegram from C-r C-o M-o, the ambassador of the royalists at Washington:

WASHINGTON, May 10.—Send me a postal order for \$2.50 if you can't do any better. You can't expect me to dine and wine Cleveland on \$1 per day. Cleveland lunches with me every day; Gresham smokes up my cigars. I often sleep in the White House if it is late and the President keeps me. Last Saturday he said to me, "M-o, I must put you in Willis' place or send you to the court of Victoria." Send me more money. Gresham wants a luau, with plenty of pig and gin, and a hula. Send me some money. Senators borrow money of me. No money for me, no restoration for you. Can't get colored woman who rents me a room to put off pay. Put money in my purse. President said yesterday, "M-o, I will do as you tell me. Lend me a dollar till Wednesday." I lend him. You see how I help you. Go, get me money. Put your trust in God and M-o and you have restoration. Put your trust in God and not in M-o, you have no restoration.

Rev. A. S. Twombly and Mrs. Twombly leave for the Coast on the Australia. Their departure will be greatly regretted by the congregation of Central Union Church, to whom Mr. Twombly has preached for the last four months.

## THE JAPANESE CRUISER.

## Her Captain and Officers Give a Most Delightful Reception.

The reception on board H. I. J. M. S. Takachito last evening was as unique as it was successful. The cruiser was simply crowded with guests, for whose entertainment everything had been done which taste could suggest and hospitality supply. The decorations were something altogether exceptional, and bore witness to the zeal and vast diligence of those who planned and carried them out. Nothing at all like it has ever been seen in Honolulu before. The gangways were wreathed with clever imitations in paper of the twining morning glory. In one corner was a grotto, with a waterfall, a pool below with a fish which was supposed to climb the fall. In another corner was an elaborate bed of chrysanthemums in all colors which nature provides, skilfully done in paper. The entire deck was roofed over with the flags of Japan, Hawaii, the United States and other nations. It would require an expert, however, to give any adequate notion of the wealth and variety of the decorations.

Below decks an elaborate collation was served, which met with general approval to judge by the way the cabin was packed. The long, heavily laden table below vied in attractiveness with the dancing on the deck above.

There were present on board representatives of the Provisional Government, the Admiral and officers of the Philadelphia as well as of the other warships in port, while Honolulu society was represented by an abundant contingent. Thanks are due to the captain and officers of the Japanese cruiser for their hospitality.

## WOMAN SUFFRAGE.

## The Ladies of Honolulu are Taking It Up.

A meeting of the W. C. T. U. was held yesterday afternoon, to which all ladies interested in the cause of woman suffrage were invited. Though notifications were sent out at the last moment, a large and representative body of women assembled. Mrs. Dr. Whitney presented a paper on the topic of the day after which a general discussion ensued. The result was the appointment of a committee of inquiry, into the obstacles in the way of the movement which will report to a special meeting next week.

The committee consisted of Mrs. Whitney, Mrs. W. F. Frear, Mrs. Gardner Wilder, Mrs. W. W. Hall and Mrs. H. N. Castle.

## A Whale Nearly 1,000 Years Old

A monster whale that was washed ashore near South Bend, Wash., last October was 174 feet long and 8 inches in extreme length, 161 feet and 6 inches in girth, and was estimated to weigh not less than forty-seven tons. Scientists who were called to the scene and who made computations from the transverse lines on the baleen (the recognized mode of reckoning a whale's age) say that he was 986 years old.

Suffered From Birth  
With a Severe Form of  
Scrofula Humor

"Until my boy was six years of age he was from birth a terrible sufferer from scrofula humor. Sores would appear on him and spread until as large as a dollar and then discharge, followed by others, so that the larger part of his body was one mass of sores all the time, especially severe on his neck and back of his head. The humor had a very offensive odor, and caused

Intense Itching  
We cannot tell how that poor boy suffered in all those years. Physicians did not effect a cure. At last I decided to give him Hood's Sarsaparilla, as my druggist recommended it. In about two weeks the Sarsaparilla began to have effect. The sores commenced to heal up; the flesh began to look more natural and healthy. Then the sores came off and all over his body new and healthy flesh and skin formed. When he had taken two bottles he was entirely free from sores, having only the scars to show where they had been. These have all disappeared. We are unable to express our thanks for the good

**Hood's Sarsaparilla**  
has done our little boy." HARRY K. RUBY,

## TERMS AND CONDITIONS.

No person will be allowed to purchase more than one Lot.

The terms of the sale are cash or at the option of the Purchaser one-fourth of the purchase price Cash, and the remainder in equal installments in one, two and three years, with interest payable Semi-Annually at the rate of Seven (7) per cent. per Annum.

Each purchaser shall begin substantial cultivation and improvement of his lot during the first year and shall continue such cultivation through the succeeding two years.

At the end of the third year if all conditions have been performed by purchaser, he shall receive Patent conferring Fee Simple Title.

Failure to perform the above conditions shall work forfeiture of interest in the land.

In case of forfeiture, land to be sold at Auction by the Government and if such sale result in an advance on the original price, the original purchaser to receive therefrom the amounts of his payments to the Government on account of purchase without interest and a pro rata share in such advance in proportion to the amounts of his payments. If such sale shall result in a lesser price than the original, the amount of his payments returned to him shall be charged with a pro rata amount of such decrease proportioned to the amount of his payments.

An Agreement shall be signed by each purchaser with the Government covering these conditions and any assignment of such Agreement shall work a forfeiture thereof.

Each purchaser shall pay the cost of survey and plotting of the lots immediately after the sale together with the first installment of the purchase price.

The Map showing Survey can be examined at the Land Office, Interior Department and at the Office of A. B. Loebenstein Hilo, Hawaii, where full information can also be obtained in this regard.
